I'll Wait

A snowstorm on the TV set
Static on my razor phone
Been kicked offline too many times to count
Sent a text to pass the time
No way out and not way in
Nothing stops the steady spin

What will today be like tomorrow?
Only the future knows the past
This smelly mess could be gone forever, and ever
But forever and ever and ever it could last
I want to know what's goin' on
But I just gotta keep holdin' on

Chorus
D A B9 G
I never want to get ahead of your perfect plans for me
D A B9 G
I always want to keep my focus on the cross, and not my losses
D A B9 G
You're the only one who really knows what tomorrow holds for me
E7
So I'll wait
A7
Oh I'll wait
G A
I'll wait for you

Dancin' with my own perplexity
I'm trippin' on my two left feet
Not sure what move to make in synchrony
With the One who made me me
Please lift me up with your assurance
I'll just trust in your understanding

Chorus

Flyin' on the wings of love yeah
I'm lookin' past the nimbus clouds
Blue skies are smiling at me now
I can feel the warmth of the light

Chorus
