

## What's Your Name

What's your name  
What's your color  
What's your purpose in life  
Your purpose in life  
What's your name

Do you have a moment  
Can you give me an answer  
What's your purpose in life  
Your purpose in life  
What's your name

*Chorus*  
Cause' everybody lives for something  
Everybody lives for something  
Everybody lives for something  
What's your name  
What's your name  
La la la la

In the morning  
Time to rise and shine  
Where will the minutes go  
No second can rewind

Top priority  
On a scale of ten to one  
What are you living for  
What are you dying for  
What's your name

*Chorus*

When it's over  
Time to move on from here  
Will you be ready to go  
And leave your life behind

*Chorus*
